To Whom It May Concern:

With regards to the Buy America and Buy America Act, we at T. Clear Corporation would like to take the time to let you know that all of our products that we manufacture are made right here in Ohio. These products include our LightGuard and HeavyGuard PMR roofing panels, Thermadry foundation insulation and drainage panels, WallGuard (formerly CFI) wall panels, ProGuard insulated sheathing and ProTEC CSIPS. Also, all of the materials that go into making our products are manufactured or mined here in the USA (from our foam supplies to our adhesives, to our sand and cement as well as our non-woven fabrics).

We are a family owned and operated corporation, and we take pride in manufacturing top quality materials right here in the US.

If you should need any information on any of our products, please visit our web site at [www.tclear.com](http://www.tclear.com) or give us a call at 1-800-544-7398.

Best Regards,
